7	Having a real person there would enhance the community feel and make having the coffee shop successful. The important part will require the person at the counter to be someone who will engage the entire community, rather than certain segments.	12/20/2018 7:49 AM
8	I don't think you can really get the kind of coffee we like from a vending machine.	12/19/2018 4:30 PM

5	a cafe table would be nice, but if it became a "cafe" it would be to loud for the library, maybe in a room would work	12/26/2018 8:07 PM
6	should have tables and comfortable seating a place to sit and talk a little louder than you can inside the library but where you could also read with your coffee.	12/21/2018 7:21 AM
7	So it can be a co-working space for homework or the self-employed or bloggers.	12/20/2018 1:35 PM
8	This way it differentiates from the library tables and allows individuals to go sit in the cafe area and chat or meet for work, etc.	12/20/2018 12:08 PM
9	I don't know what the Library policy on food and drink is but it would be important to be able to go to the lounge or study areas with coffee.	12/20/2018 10:51 AM
10	Where else would we sit?	12/20/2018 8:21 AM
11	If there is food, then for sure. If there is just coffee, then just a handful of tables. Think Starbucks in a Barnes and Nobel	12/20/2018 7:49 AM
12	As long as there's a place to sit and chat, as well as set down a coffee to read/work, it should be fine.	12/19/2018 4:30 PM

1	Its gjod for kids to have little snack while doing there homework.	1/12/2019 7:49 AM
2	if you introduce coffee and snacks I believe it opens the doors for people seeking refuge. a lot more loitering, there's already a problem with people parking in the parking lot just for the Wi-Fi (comment edited)**.	1/10/2019 7:00 AM
3	Enjoying snacks in a separate area is nice. But we should remember this is a library. Libraries don't typically have food and beverages allowed in the building. If there is some sort of recreational room where reading materials don't go, then I can understand snacks being permitted in that room.	1/10/2019 4:35 AM
4	That will be good for the children to eat when they are hungry	1/9/2019 8:36 PM
5	If food and beverage are not allowed in the library an option for a place to eat them would be nice :)	1/9/2019 9:16 AM
6	Do not turn the library into a flop house with food and drink.	1/8/2019 1:33 PM
7	A place with tables, comfy chairs, and internet like a typical coffee shop would be awesome for people doing school work	1/8/2019 12:54 PM
8	This is not necessary for me, but maybe it is for some who walk from the other side, or require a taxi to get places. If someone doesn't have a car and they are on this side, it may be good to have a space to eat their own snacks. I am not in favor of a coffee shop at all. I don't think a public entity like a library should compete in the private market, and we already have several places to get coffee (Vy's, Willow Bean, Safeway, AK Ship, the Grand, more?)	1/8/2019 12:33 PM
9	I think the conference room in the back is plenty of space to eat.	1/8/2019 11:57 AM

11	when in class a place to have a snack while a lecture is in progress	1/4/2019 9:34 AM
12	I believe this will be a good place to visit especially for those older people or visitors to grab some snack and use the facility.	12/26/2018 1:26 PM
13	I don't feel the need to eat while I'm at the library.	12/24/2018 10:34 AM
14	You eat at a restaurant or at home. Use the library as a library.	12/22/2018 2:12 AM
15	I love to take my kids to the library on rainy days but it is hard when they cannot eat there at all.	12/21/2018 7:22 AM
16	I think the library should be for reading and studying and such. If people want to eat or drink coffee they should visit one of the private businesses that provide this service. The City should not duplicate and complete with private enterprise.	12/20/2018 1:50 PM

17	That would be good for the kids who go there after school to do homework and wait for their parents to get off of work. I hear a lot that kids are hungry between school and being able to go home.	12/20/2018 1:36 PM
18	A library should be used as a library not an internet café.	12/20/2018 1:17 PM
19	I know quite a few students that come right over to the library after sports practice throughout the week and may be valuable for them to have a space where they can quietly have a snack, or if a family is visiting the library and a child needs a quick snack.	12/20/2018 12:09 PM
20	People are far too messy to have food in the Library!	12/20/2018 11:13 AM
21	I can eat at home if this is cost prohibitive.	12/20/2018 10:11 AM
22	In the coffee shop area if there is no food in the coffee shop. If there is food, bringing your own is poor taste.	12/20/2018 7:54 AM
23	It's not necessary to eat in the library.	12/19/2018 8:31 PM

1	Don't understand this question - to where? The library is bounded by a creek and a hill and it is already connected to the main road, senior center, with a foot-only bridge to PCR. I would like to see a path/trail built around the Unalaska Lake. Perhaps that could start at the library.	1/11/2019 2:55 PM

5	As long as we can walk on the grass I don't feel the need for more sidewalks. Sidewalks can be icier and more slippery than grass when it's freezing outside.	12/24/2018 10:39 AM
6	Again, N/A to me at this time	12/20/2018 2:10 PM
7	Many people walk to the library. It's kind of dicey for walkers where Eleanor Drive and Airport Beach Road connect.	12/20/2018 1:44 PM

4	why? A nice lounge area would be nice, but the noise and garbage of a coffee shop outside a small community library is not necessary.	1/7/2019 1:06 PM

10	I do like the idea of a lounge area with fireplace, but the presence of coffee and snacks doesn't bother me either way	12/20/2018 2:10 PM
11	City should not compete with private enterprize. People should come to the Library to do library things not to eat or drink.	12/20/2018 1:53 PM
12	I would love to see this amenity included. The school kids could run it or the city could have a contract vendor do it and not employees of the City.	12/20/2018 1:44 PM

33	A fake fireplace with chairs around it or just comfy chairs for people to sit and read quietly. I love the idea of 4-6 people small group study rooms would be nice to allow food in there like most college libraries. Good place to group study or a quiet place to write a paper and get work done solo without distractions. We would really benefit from several small study rooms. Also it allows people to be separate from the kids which can be noisy. Make the rooms reservable as well that way people don't hog them.	1/8/2019 12:59 PM

I think adding self check out is a waste of time and money. Do the staff that work there have so much to do that they don't have time to interact with the people that use the library?	1/11/2019 2:58 PM

8	How cost effective is this? Does it do away with a staff position?	1/8/2019 1:58 PM
9	I've worked with them before they are not reliable and as a town we need to provide our people with jobs. Also it's not a big deal to wait 3 min in line the staff is fast, friendly, and helpful	1/8/2019 1:01 PM

1	I don't use the computers at the library, I hear the internet connection is way too slow to be of much use.	1/11/2019 3:00 PM
2	I do not need this because I have other places to use this. however i think this is a very strong need because of the large international and processing community here. they rely on the library's free wifi to stay in touch with family. so we need to design an area, i believe external to the library but with some shelter, designed specifically with this user group in mind. the library's wifi service needs to be strengthened as well. i don't like offering something that is only mediocre. we wouldn't put half torn up books on the shelf, why offer sketchy weak wifi service?	1/9/2019 1:30 PM
3	Never. If I need to talk to someone I can always schedule my call either before and after my use on the computer. Keep cell phones turned off in the library. I do not want to hear someone elses conversation! People in general talk way to loud when using a cell phone.	1/8/2019 2:01 PM
4	Never cell phone calls do not need to take place at the library. Maybe in a private room but it's very distracting to people reading or doing school work	1/8/2019 1:02 PM

1	I think we need to keep two things in mind here. first are the elderly; seating that is easy to adjust for them or is already designed with weakening knees, hips, and joints in mind. The second is the processor user group. no point installing beautiful furniture that can easily be damaged or require a lot of maintenance when they might just come in covered in fish guts or whatever their job is. not sure how to address this at all, or if it's even been a problem. i remember a library where i lived in a metro area bought beautiful leather lounge furniture that reclined. homeless people would camp out in this area and other users wouldn't go near it. the situation created a heated issue about how the city treated less fortunate, etc.	1/9/2019 1:33 PM
2	I like to be comfy in a library. They have always just been a really cozy home away from home. I would suggest leather/pleather comfy seats though so they can be sanitized because there are always lice outbreaks on our island.	1/9/2019 9:24 AM
3	all	1/8/2019 10:56 AM
4	I also think more table study space is needed in the main library. Where 2-4 people can sit to work on group projects or an individual can spread out for an extended study/work session.	1/7/2019 4:47 PM
5	What is there now could be tweaked without a great deal of cost.	12/20/2018 4:32 PM
6	Whatever you do, please get rid of those horribly uncomfortable pink chairs in the conference room.	12/20/2018 10:18 AM
7	Some good chairs for the lounge seating. None of the school principals office chairs. Also something sturdy enough to sit/lean on the armrest	12/20/2018 8:31 AM
8	Maybe even a rocking chair!	12/20/2018 8:26 AM
9	Chairs with high backs	12/19/2018 7:10 PM
10	Do not forget about left handed people!	12/19/2018 6:50 PM

mix of all would be nice in different areas. I am sure it would be expensive...

4	Even though I circled YES for coffee shop I am really Yes and No. No because it will take space that could be used for the actual library, staff will have sticky spills, trash to deal with and policing of patron's drinks. People may bring alcohol. YES because it is enjoyable to read with coffee or tea and YES because it would provide an opportunity for private enterprise - coffee truck - to provide the coffee, not the city.	1/15/2019 8:17 AM

27	Keep up the great work!!!!	1/9/2019 2:07 PM
28	I was just in a book store where they had ladders to access higher shelves. it was a very interesting space and certainly added to the storage/display area within the existing building footprint. Not sure if we would have unruly kids climbing the ladders and building forts on the top shelves or finding some other way to misuse them if we incorporated them into our facility. 33	Sometimes it is not the improvements that help the library, it's the things that are overlooked that make it bad.	1/8/2019 6:08 PM
34	I love our library.	1/8/2019 2:42 PM

35	The library staff does a great job.	1/8/2019 2:08 PM
36	Try to keep the kids and adult quiet spaces on opposite ends, some people let their kids run around and be loud for hours and it's very distracting if you are trying to get work done for school. Keep space for the programs they offer for the kids, maybe sound proof those rooms though or sound proof the small adult study rooms of 4-6 people so that others are less disturbed by loud conversations	1/8/2019 1:07 PM
37	We have a wonderful library! I appreciate it just the way it is.	1/8/2019 12:38 PM
38	I love the library and uses it frequently. I would love to have a coffee shop in it.	1/8/2019 11:50 AM
39	thank you	1/8/2019 10:57 AM
40	I love this space and adore the children's room. The collection and variety of materials is great. In looking for the re-design, please keep in mind the community members who live in Unalaska full time, and also focus on quality of materials available, not just on seating and space (as this survey lends towards). I am excited to see the next stage of planning. Thank you for your dedication to the people of Unalaska.	1/7/2019 4:49 PM
41	None so far.	1/7/2019 1:54 PM
42	I would just like to reiterate the main things that are important to me.e 1. Large meeting place that could be used to teach a class that is larger that 25 people. 2.Place to purchase coffee and a place to drink it 3. A separate place to have class room dedicated for teaching computer applications, such as MS Office.	1/4/2019 9:50 AM

48	I love the library as a resource for kids families and adults and am excited to see it benefit everyone more in our town with not much to do.	12/21/2018 7:28 AM
49	Please keep the library a quiet place to take in information. Too many libraries have turned into a daycare facility allowing noise and distractive behavior to become the norm. We have the PCR for noise and energetic activity.	12/20/2018 3:58 PM
50	The most important thing for me, at this stage in my library use, is that small children have a good space where they don't have to be particularly quiet and can learn to love the library. In a town with frequent poor weather days, the library can become one of several options for getting kids out of the house. It also allows parents to multi-task (and sometimes even work!) with kids around.	12/20/2018 2:16 PM
51	Thank you! The library is an important resource and social hub for Unalaska. It's used by diverse groups for many purposes. It's difficult to try to meet everyone's needs and the staff does a great job. The expansion will be great!	12/20/2018 1:50 PM
52	However put this survey together did a pretty good job. I liked it :)	12/20/2018 1:03 PM
53	The library staff is WONDERFUL	12/20/2018 11:42 AM

57	Overall, more natural light would be good. Otherwise, pretty solid plan.	12/20/2018 8:49 AM
58	I love that the library has eBooks available to read on my Kindle!	12/20/2018 8:28 AM
59	Good luck!!	12/19/2018 8:03 PM
60	I like having board games to check out. I think you should have video games available to check out	12/19/2018 7:13 PM
61	Survey asked for my age but did not ask if I would come alone... when I come to the library it is with my KIDS and or wife.	12/19/2018 6:51 PM
62	Separate kids from adults and study areas to minimize complaints from community members. Teen areas could have a door to open and close to minimize noise.	12/19/2018 6:41 PM
63	More conservative Christian nonfiction books with the additional space.	12/19/2018 5:43 PM
64	Is a great place and clean	12/19/2018 5:34 PM
65	I feel the used book area would loose out being mixed into the library. I am sure it is not a money maker but I could see it making a mess and getting lost.	12/19/2018 5:00 PM
66	You should put a mini movie theater in the library.	12/19/2018 4:35 PM
